## Shreyas Pani – Shreyas2003

### Branches

- Branches were deleted as they were merged to allow for only the currently relevant branches to exist. As a result, it is impossible to recover all branches that were created. However, a new branch was created for each pull request, so at least 6 branches were created (but deleted upon merging).

### Reviewed Pull Requests

**Merged** Store hashed password instead of plaintext in DB #23  
SarahEngelmann1 merged 4 commits into `main` from `hash-pwd` 4 minutes ago

mzhang2021 added 4 commits 5 hours ago

- add bcryptjs module 4272f9c
- append salt to new user passwords 24b01c5
- compare password hashes when logging in 8fd616e
- turns out bcrypt does not need to save the salt acfa1bc

SarahEngelmann1 merged commit 3c72577 into `main` 4 minutes ago Revert

SarahEngelmann1 commented 1 minute ago Collaborator ...

Reviewed! Encryption looks good
